# WELCOME MESSAGE

Dear colleagues and friends interested and providers of burn care,

It is my pleasure to invite you to participate at the 8<sup>th</sup> Central European Burn Congress, which will take place in the Slovak Republic from May 31<sup>st</sup> to June 1<sup>st</sup>. This is for the second time that this scientific event will take place in Bratislava, capital city of Slovakia. I am very happy that in addition to the scientific program of the congress, the Comenius University Medical Faculty Department of Burns and Reconstructive Surgery is celebrating this year 30<sup>th</sup> Anniversary of its foundation. We are aiming to prepare both a challenging scientific program and a convenient social program with an option of pre- and post-congress tours in this central European region which is very rich of historical events.

Prof. Ján Koller, MD, PhD.  
Congress President

## CONGRESS TOPICS

- Advances of burn treatment in 21<sup>th</sup> century
- Prevention of burn injuries
- Alternative methods of debridement of deep burns
- Topical therapy, skin covers and temporary skin substitutes, tissue banking
- Reconstructive surgery following burn injuries – strategy and timing
- Subsequent care, rehabilitation and resocialisation of patients
- Nursing care
